(+)	Structure / Improvement Market Value (Non-Homestead)	0	0
(+)	Non Ag Land Market Value (Homestead)	83,000	83,000
(+)	Non Ag Land Market Value (Non-Homestead)	0	0

<sup>\*\*</sup> A residence homestead is capped from future assessed value increases in excess of 10% per year from the date of the last assessed value plus the value of any new improvements. (The homestead cap takes effect on a residence homestead on January 1 of the tax year following the first year the owner qualifies the property for the residential homestead exemption. [Sec. 23.23(c) or (c-1) Texas Property Tax Code]).

Homestead Cap Value (Total Market Value – Assessed Value) = \$0

# ON HOMESTEAD PROPERTIES, ASSESSED VALUE INCREASES OF 10% PER YEAR ARE MANDATORY PER TEXAS PROPERTY TAX CODE 23.23 UNTIL THE ASSESSED VALUE IS EQUAL TO THE MARKET VALUE.

"The Texas Legislature does not set the amount of your local taxes. Your property tax burden is decided by your locally elected officials, and all inquiries concerning your taxes should be directed to those officials"

Visit Texas.gov/PropertyTaxes to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information regarding the amount of taxes that each entity that taxes your property will impose if the entity adopts its proposed tax rate. Your local property tax database will be updated regularly during August and September as local elected officials propose and adopt the property tax rates that will determine how much you pay in property taxes.

The Williamson Central Appraisal District does not set tax rates or collect the taxes on your property. The governing body of each taxing unit decides whether or not taxes on the property will increase. The Appraisal District only determines the value of the property.

## The comparable sales report provided may be used as WCAD evidence during a value protest.

#### **HOW TO READ A MARKET GRID**

Your Notice of Appraised Value was determined using a direct comparison of your property to sales of other properties. This method, known as the sales comparison approach, mirrors the industry standard of appraisal that is commonly used by appraisers to establish value of residential property for sales and lending purposes. The *Comparable Sales Report* on the opposite side of this page shows the analysis that was used by WCAD to calculate your notice value. This report is also called a "market grid." Your property is labeled as the "subject" property and the properties that were sold are shown as "comparable" properties. Below the address for each property is a list of property attributes. When the subject is not identical to the comparable property for any of those attributes, value adjustments are made to the sale prices to account for the differences. If the comparable is superior to the subject in an attribute, the adjustment is downward. Conversely, if the comparable property is inferior, the adjustment is upward. These adjustments are unique to your property due to its specific attributes and how they compare to the selected sales. Adjusted sales prices may vary between neighbors due to how their attributes compare to the sales. Chapter 552 of the Texas Government Code restricts the disclosure of sales prices in the included report; however, the information included conforms with Tax Code requirements. Adjustments are described below:

Time Adjusted Sale Price*	Sale price adjusted to the January 1 appraisal date. For more data on the market changes that took place last year and detail on the sale price adjustment please visit WCAD.org/MarketData
Location Adj	Market value difference in the specific location of the comparable and subject
Land Value Adj	Difference in the land market value between comparable and subject
Size/Class Adj	Market value adjustment based on difference in size and quality of construction

# Frequently Asked Questions

Si usted necesita asistencia en español, por favor llame al teléfono (512) 930-3787. Para más información visite nuestra página web: *WCAD.org* 

#### January 2025

- Q Why was this appraisal necessary? I have no intention of selling my home.
- A The Texas Constitution mandates that all taxable property be appraised in accordance with its market value (what it would sell for on January 1), and that taxation be equal and uniform. If appraisals are not updated on a regular basis, these constitutional requirements will not be met.
- Q Why am I being taxed on an improvement when my house is not improved?
- A In this instance, an improvement does not always indicate an addition or a change. Per the Texas Property Tax Code Sec. 1.04(3) "Improvement" means: (A) a building, structure, fixture, or fence erected on or affixed to the land; (B) a transportable structure that is designed to be occupied for residential or business purposes whether or not it is affixed to the land.
- Q What kind of information is considered in appraising residential property?
- A The Appraisal District compares properties that recently sold with comparable properties in the same market area. Adjustments are made for the differences between sold and unsold properties. This adjustment results in the estimate of what the unsold properties would have been worth had they been on the market as of January 1. WCAD appraisal records contain property information collected during field inspections throughout the District. Our appraisal process is completed in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP) applicable to the mass appraisal process.
- Q You appraised my home for more than I paid for it in a recent open market transaction. Do I have to file a protest to get a valuation review?
- A In lieu of filing a protest, you can go to WCAD.org/appeal and send a copy of your recent settlement statement through the Express Inquiry option. A staff member will review the sale documents you provide and send a response. Otherwise, you should file your protest on or before the indicated protest filing deadline or 30 days after the date your value notice was mailed, whichever is later. If the deadline date falls on a weekend or holiday, the deadline is the next business day.
- Q What documentation would be helpful to bring to my hearing?
- A Productive hearing tips, including examples of documentation to bring, are located on our website at the address below: WCAD.org/protest-procedures/
- Q Where is my notice of hearing letter; I haven't received it yet?
- A Letters are mailed at least 15 days prior to the hearing date. Hearings are not scheduled by protest submission date, so there may be a longer than expected wait time. To check hearing dates, please go to WCAD.org/online-protest-filing and follow the instructions provided there.
- Q Do jurisdictions like the county, cities, school districts, and MUDs put pressure on WCAD to raise values, so they will have more money?
- A No, the local taxing jurisdictions only ask that we do our work fairly and accurately. The amount of taxes that each of the entities levy for the year is determined by how much money is needed to fund local government services such as police and fire protection. The governing body of each jurisdiction adopts its own budget and then sets a tax rate which, when applied to the appraised value of all taxable property, will produce the necessary amount of property tax revenue. WCAD is not involved in this process or with property tax collections.
- Q Who reviews WCAD appraisals for accuracy?
- A The property tax system contains numerous checks and balances and one of the most important is the right of property owners to file a protest and receive a hearing if they believe our appraisals are inaccurate or inequitable. Additionally, the Texas Comptroller of Public Accounts conducts and publishes a Property Value Study of the level of appraisal of each category of property within Williamson County in even-numbered years, and a Methods and Procedures review of the WCAD office in odd-numbered years.
- Q Can I have a telephone conference call instead of appearing for my ARB hearing?
- A To appear by telephone conference call, you must provide the following to the ARB before the hearing: written notice at least 10 days before the hearing that you want a telephone conference call hearing; and a valid, written, notarized affidavit with your evidence. If you wish to invite individuals to participate in your telephone conference call hearing, you are responsible for providing them access to the call.
- Q How does a prorated homestead exemption work and how do I qualify?
- A Effective January 1, 2022 A person who acquires property as their principal residence after January 1<sup>st</sup> and has a valid Texas ID or Texas Driver License matching the property address may immediately qualify for a general residence homestead exemption for the applicable portion of that tax year. Regarding the Homestead Cap, an owner who receives a prorated homestead exemption is considered to have qualified the property for the exemption as of January 1<sup>st</sup> of the tax year following the tax year in which the owner occupied the property.
